Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notions" free any more than a merchant can give his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-net clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let this opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

Our \$2, \$2.50 and \$3 Custom-Made

SHOES!

That we warrant to give satisfaction and cheerfully return the money if they do not have quickly sprung into favor. Out of town mail orders—and of which we receive many—receive prompt attention. Look at our show-windows; none like them in the state.

ADJOURNED MEETING.

The City Fathers Hold a Short Business Session Thursday Evening.

REGULATING POLICE MATTERS.

Mayor William H. Cox presided at the adjourned meeting of Council Thursday evening, and all the Councilmen were present except Messrs. Pearce, Dressel and Hutchison.

A permit was granted Mrs. Ross Niland to build a frame kitchen in the rear of her residence on Sutton street.

An account of \$1.95 was allowed J. T. Kackley & Co. for stationery, and also a bill of \$22.00 was allowed Browning & Co.

The Hall Plow Company asked permission to lay a switch from the C. and O. along Plum alley to be used in shipping and receiving goods, which was referred to the Committee on Propositions and Grievances to report at next meeting of Council. Later Mr. James H. Hall appeared on the part of the Company and asked the matter be reconsidered and decided at once. He stated the necessity of immediate action, and said that his Company was willing to have the switch cut down under the supervision of any committee. Council might agree, and would enter into a written agreement to remove the switch at any time it interfered with the use of the alley by the public.

On motion of Mr. Stallcup the matter was then referred to the Committee on Turnpikes and Railroads with power to act, the necessary writings to protect the city's interests to be entered into before the switch is put down.

The police ordinance was taken up and its adoption defeated and a new one presented. It provides that four policemen are to be chosen by Council at the regular December meeting to enter upon duty January 1st, and fixed their salary at \$600 a year, payable monthly. The Chief of Police has the power to assign one officer to duty daily and to change same at his discretion. The ordinance was adopted.

City Attorney Chamberlain reported he had collected and turned into the City Treasury the amount due in the suit over the use of the Jail, and that he had also succeeded in collecting \$100 from the Fiscal Court to help pay the cost of cleaning out the Jail sewer.

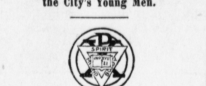

The ordinance presented on the subject of nuisances was referred back to the Committee for further consideration.

Captain J. Hamilton, who had asked to see the account of the Internal Improvement Committee was present, and was informed by Mr. Crowell, Chairman of the Committee, that the reports were open for his or any one else's inspection at any time.

Council then adjourned.

OUR WASHINGTON MAN.

THE LEDGER'S SPECIAL LETTER FROM THE CAPITAL.

Special Correspondence Public Leader.

WASHINGTON, November 19th, 1897.

The continued publication in Democratic newspapers of statements indicating that certain members elected to the Ohio Legislature are likely to refuse to vote for Senator Hanna, after instructions of state and county conventions in his behalf, is leading members of Congress, irrespective of party, to some frank expressions upon this subject.

Senator Carter, discussing this subject today, said:

"In my opinion it would be for the good of the Republic to amend the Federal Constitution by providing for the election of Senators in Congress by popular vote.

The nearest approach to the enactment of the popular will with reference to a Senatorial candidate has been obtained through the designation of the intended Senator by the State Convention, constituting the highest authority of the party and the people who compose it within the state. The Ohio State Convention having clearly placed Mr. Hanna before the people as the candidate of the Republican party for the Senate, every individual elected on the Republican ticket to the Legislature is thereby deprived of every semblance of right to exercise individual choice in defiance of the party wish, as clearly expressed by the election."

SHREWD WOMEN.

Women with an eye to the main chance—sharp, keen, acute, sagacious women—will be interested in some muslins and cambrics. We've crowded out every farthing of cost that didn't take quality with it and here is the result:

CAMBRIC AT 5c. A YARD—High black, 36 inches wide. Big contract made when mills were doing little. Keeps today's 7c. value at 5c. in this store.

UNBLEACHED MUSLIN AT 5c. A YARD—Fine smoothly twisted yarns in a generous weight, 36 inches wide—a quality that big contracts made possible at the price.

PILLOW SHAMS.

It was just because a machine was taught to do "hand work" that we can sell these Cambric Pillow Shams elaborately embroidered for \$1 a pair. It isn't embroidery at all, but a machine trick that looks like it. Other Pillow Shams up to \$2.50 a pair, and any of them marvellous of good value.

SATURDAY NIGHT.

APRONS are tedious to make and require an amount of material that surprises a novice. We will give you a chance Saturday night to get aprons ready made cheaper than you could buy large material. India Linen and gingham, a half dozen different kinds. Large gingham aprons, 40 inches long, 12c. White India linen aprons 15c. Others equally pretty, useful and cheap.
